To open doors, simply lift and pull handle in one movement. (Padlock not supplied)
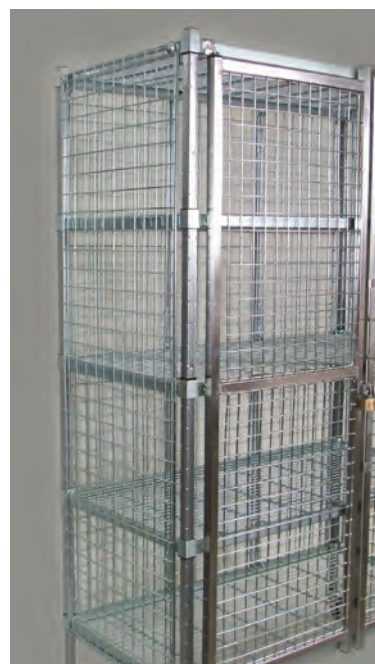

Security Cage with Polycarbonate Panels

Security Shelving with clear Polycarbonate panels allows the storage and monitoring of fragile, costly or dangerous items. Smooth 4.5mm thick polycarbonate panels are easy to wipe down and have an extremely high impact resistance. Doors are pry resistant and can be padlocked. Can be fitted with castors to make mobile as an optional extra. Suited to Hospitality, Health Care and Laboratories.

Polycarbonate Security Cages are not suitable for chemical storage.
High Impact Acrylic panels can be used in place.
